Private Insurance Coverage

Many private insurance companies will cover consultations, treatments or supplements provided by our doctors and clinic.

It is important to note that each insurance company and insurance policy is different and will have varying levels of coverage.

We are also able to direct bill more than 80% of the insurance companies available. Bring your insurance card to your appointment and we will see if we can bill your insurance directly.

There are many companies and policies available. We highly recommend that you check with your insurance company regarding what your policy will cover and by which type of doctor.
