At Green Apple Health Care Ltd., our Naturopathic Doctors are highly educated health care professionals. Each of our doctors has a full university degree followed by a 4 year naturopathic medical degree at an accredited school of naturopathic medicine. Some of our doctors also have advanced training in specialty treatments like intravenous vitamins or natural joint regeneration.

The doctors at Green Apple Health Care do more than just use natural therapies instead of drugs. We look for the core cause of a health problem rather than symptom chasing with a natural alternative to a drug.

You should expect personalized, one-on-one care. Our doctors take the time to listen to you and thoroughly understand your health concerns and your needs. We don't chase symptoms or tell you how to "manage" them. We identify the specific cause of your health problem and address that with the proper natural therapies for you.

We work with you to find the most appropriate treatment for you, a plan that focuses on the core cause of your health problem. Your customized treatment plan will be designed to dovetail with your circumstances and lifestyle. Your plan will be designed to address your health issues in stages to keep the healing process continuously moving forward and make it easy for you to do.

Our team of experienced health care professionals is ready to help you and your family to achieve lifelong wellbeing.
