

Helping Patients to Ease the Cash Crunch

Alberta's economy is, as the [Calgary Herald](#) describes it, stuck in low gear. That's hardly news to the Alberta residents who are living it every day.

While we can't fix the economy, we're happy to do what we can to help ease the cash crunch.

Green Apple Health Care can direct bill to most major insurance providers including Blue Cross and Green Shield. It's easy:

1. Check your policy to see what services and products you're covered for. Coverage can differ, depending on your policy, but many insurance companies will cover consultations, lab tests, and treatments.
2. Book your appointment.
3. We take care of the claim to your insurance provider.

Direct billing to your insurance company:

- reduces or eliminates your up-front cost
- eliminates claims paperwork
- eliminates waiting for your insurance provider to reimburse you

We would also like to remind you that Green Apple Health Care also offers a [family plan](#) for family members who would like to save money while enjoying the benefits of seeing the same doctor.

It is possible to be healthy and pain-free. Call us at (780) 485-9468.
